About this booklet:

This walks booklet has been written to support the Mendip Ramblers Group annual Walking Festival; this is the seventh. Mendip Ramblers is a local group off the Ramblers' Association, Charity Number 1093577 Company limited by guarantee 4458492.

The Group holds a walking festival each year centred on one or two parishes within the Mendip District Council area. The festival is a culmination of the work done by Mendip Ramblers' Working Party. It publicises the work that has been done and encourages walkers to use reopened and restored pathways.

The Working Party works closely with Mendip District Council (MDC) Rights of Way Department to maintain footpaths throughout the MDC area. The work consists of path clearance, stile erection and repairs, bridge building, erection of kissing gates, erection of marker posts and ensuring that footpaths are adequately way-marked. The group also carries out footpath surveys to determine the "ease of use" of footpaths and identifies what work needs to be done to bring the footpath up to that standard. The Working Party goes out every Tuesday, come rain or shine, working on average from 0930 to 1600.

The total work done this year is: Finger posts	63
Stiles	92
Stiles repaired	16
Bridges	6
Kit Bridges	1
Kissing Gates	6
Marker Posts	14

We would like to thank all the farmers, landowners, villagers and Parish Councils for their help and co-operation throughout the past year. Not forgetting the Rights of Way team at Mendip District Council for their help and continuing support.

THE COUNTRYSIDE CODE

(This is an abbreviated extract. See www.countysideaccess.gov.uk for the detailed code).

BE SAFE - PLAN AHEAD AND FOLLOW ANY SIGNS

LEAVE GATES AND PROPERTY AS YOU FIND THEM

Please respect the working life of the countryside, as our actions can affect people's livelihoods, our heritage and the safety and welfare of animals and ourselves.

PROTECT PLANTS AND ANIMALS AND TAKE YOUR LITTER HOME

We have a responsibility to protect our countryside now and for future generations, so make sure you do not harm animals, birds, plants or trees.

KEEP DOGS UNDER CLOSE CONTROL

The countryside is a great place to exercise dogs but it is every owner's duty to make sure their dog is not a danger or nuisance to farm animals, wildlife or other people.

CONSIDER OTHER PEOPLE

Showing consideration and respect for other people makes the countryside a pleasant environment for everyone - at home, at work and at leisure.

PARKING: Parking at Wookey Village Hall is not advised as it is very limited and may be required by users of the Hall. We would, therefore, suggest you park with consideration in the roads nearby.

PLEASE NOTE: Some of the footpaths included in the walks have only been opened/made accessible during the previous year and need to be walked in order to keep them open. Please report any problems (tel: 01749 648999)
tocustomerservices@mendip.gov.uk

GENERAL WALKING ADVICE:

- 1 Wear sensible boots or shoes and socks suitable for walking in the countryside.
These walks are not suitable for ordinary town shoes.
- 2 Wear or carry in your rucksack a good quality waterproof (not just showerproof) and wind proof jacket; something with at least a hood or provision for a hood to be attached and with spacious pockets for maps, snacks, etc.
- 3 Wear suitable trousers. Everyday casual trousers are fine but may not be comfortable for longer walks. Modern synthetic walking trousers are lightweight, loose-fitting, quick-drying and have handy pockets. Shorts if the weather is fine but beware of nettles, brambles and ticks which are becoming more widespread. Denim jeans are not recommended because they take a long time to dry out if wet and can chafe.
- 4 Take suitable provisions (water/drink, food).
- 5 Use or carry gloves for cold weather.
- 6 Head covering is useful to keep the sun off and also keep you warm in cold weather.
Also cream to avoid sun burn.
- 7 A rucksack or backpack is the best means of carrying what you need (including extra clothing); they leave the hands free and are far more comfortable than a shoulder bag over a long distance.

THE WALKS:

The maps in this booklet are sketches. Each map is to scale but the scales vary and no scale is indicated.

The walk descriptions are written by many different people and vary in style and details.

The walk lengths are accurate to within 1/2 mile. The walks can be very muddy in places.

It is recommended that you use the map sketches and descriptions in conjunction with the relevant OS maps and a compass (OS Explorer Map 141 - Cheddar Gorge and Mendip Hills West).

Mendip Ramblers cannot be held responsible for any accidents or incidents that may occur whilst on these walks.
